

KMCC Association Croquet (26pt) Knockout Handicap Competition 2018

All rounds - one game, large lawn, **handicap Base 12***. No time limit unless mutually agreed (not less than 3 hours).

Please play your matches by the deadlines stated for each round

Remember to record your result (and score) on this sheet and in your handicap card.

***Base 12.** Bisques are calculated from Base 12. For example, in a singles game between player A (hcp 24) and player B (20), A receives 12 bisques (24-12) and B gets 8 (20-12). Players will therefore receive the same number of bisques for each of their matches other than when they meet an opponent whose handicap is below Base 12. On these occasions, 'bisque difference' is used. Thus when A (24) plays C (3), A will receive 21 bisques.
